

PROJECT ENGINEER SHALLOTTE, NORTH CAROLINA

McGill serves public and private clients throughout the Southeast. The range and depth of McGill's expertise includes a wide spectrum of engineering services, land planning and recreation, as well as financial and management consulting services. ***We are currently seeking highly motivated candidates for a Project Engineer with experience in Civil Site Design and Water/Wastewater in our Shallotte, North Carolina office.***

Our foundation is built on creating comprehensive solutions in a personal way. Collaboration is the key to our success and clients are an integral part of every project at McGill. By building lasting relationships with communities, we understand our clients' visions and project goals. Our dedicated project team focuses on delivering a customized solution for each unique community.

We help our clients identify challenges, formulate responsive solutions, and manage successful project completion. Through partnership, we shape the best results for each client and community.

The **Shallotte area** is a great place to live and work! Located in the fastest growing county in North Carolina, Shallotte is in the southeastern part of the state between and near Wilmington, NC and Myrtle Beach, SC. You may even prefer to live in one of these larger cities and have just a short commute to our Shallotte Office. Life in Shallotte and the surrounding area offers immediate access to multiple barrier islands, beaches, championship golf courses, restaurants and shops. Each portion of Brunswick County holds its own distinct characteristics, yet one thing that remains consistent throughout is the collective tranquility and relief from the everyday hustle and bustle. The coastal setting, low tax rates, and high quality of life help to ensure the area will continue to

grow. You will find a range of tastes, activities and interests to enjoy for you and your family.

Essential Duties and Responsibilities

The Project Engineer (PE) performs work involving the application of all conventional aspects of civil engineering. He or she completes the design and maintains ongoing progress of a project, including the coordination of the project with local, state, and federal officials, and other outside agencies. He or she must be able to resolve a variety of complex problems, (i.e. conflicting design requirements, unsuitability of conventional materials, difficult coordination requirements), prepare and review plans, technical specifications, contract documents, and estimates. He or she may supervise the work of technical support personnel assigned to the project. The PE perform engineering calculations and design using specialized technical skills, experience and engineering judgment to transform concept designs into construction drawings and technical specifications. The PE assists project team leadership in meeting schedules and budget and to prepare written communication to client and agencies. He or she also assists Project Managers in developing project scope, fees for services, negotiation of contracts for agreements of engineering services, project budgeting, project scheduling and client communication.

Minimum Education and Requirements

- North Carolina and South Carolina PE licensure or the ability to obtain both in each state within 6 months of hire
- Civil engineering experience in the Tidewater region is preferred

Physical Demands

- Frequently required to sit, talk, and hear

- Occasionally required to stand and walk
- Reach with hands and arms
- Use hands to finger, handle, or feel objects, tools, or controls
- Frequently lift and/or move 35 pounds
- Occasionally lift and/or move up to 50 pounds

How to Apply

To apply, please email resume to recruiting@mcgillassociates.com. Please list "Project Engineer – SHLCVLWWR" in the subject line of your email.

McGill Associates is an Equal Opportunity Employer. All terms and conditions of employment including, but not limited to: hiring, placement, promotion, termination, transfer, leaves of absence, compensation, and training comply with the regulations of Title VI and VII of the Civil Rights Act of 1964. Employees are entitled to work in an environment free from any kind of unlawful discrimination or harassment.

Federal law requires all employers to verify the identity and employment eligibility of all persons hired to work in the United States. McGill Associates participates in E-Verify.

McGill Associates conducts background, credit, and motor vehicle checks in compliance with all federal and state statutes. An offer of employment may be extended to an applicant prior to the completion of these checks, but the applicant may not begin work until the completion and approval of the results.

McGill Associates conducts pre-employment, random, project specific, for-cause, and post-accident drug screens in accordance with all federal and state statutes.

McGill Associates will make reasonable accommodations for qualified individuals with known disabilities unless doing so would result in an undue hardship. All McGill Associates' facilities comply with the Americans with Disabilities Act. Persons with hearing and/or speech impairments may contact McGill Associates by dialing 711 to access the state Relay Service for TTY/TDD.
